TESTIMONIALS

Rich & Lisa - Everything we needed for our special day!

Married in November 2010

St Mary's made the perfect venue for our winter wedding. We loved having use of both the light, spacious, show-stopping main space and the modern lower floor with all the amenities - we moved guests between the spaces as we transitioned from one part of the day to another. We were lucky with the weather (despite it being the end of November) and were able to take photos outside on the piazza where the church exterior and surrounding pretty buildings created a beautiful backdrop. Music and having a big party were really important for us so having the stage for our DJ and band, with a great sound system and lighting to play with, really set the party mood for our evening reception. Changing the lighting, in particular, really transformed the venue from day to night. The team at St Mary's were warm, friendly and professional and we also chose to go with one of their recommended caterers who were excellent on both the food front and service. On the whole I can't fault the venue. Highly recommend to any couple looking for a unique, spacious, central London location!

Matt & Pip - We had the best day

Married in September 2015

We loved our wedding at St Mary's. The venue itself was light and spacious, great acoustics and practicality-wise lots of toilets and disabled access + it's location which made it perfect for both our ceremony and reception as we had lots of family and out of towners coming. Everything was smooth in booking and running and the team couldn't have been nicer. We had the best day!

Ben & Hannah - Beautiful Venue

Married in September 2018

We had a great experience at St Mary's. The church was absolutely beautiful and fitted so well with the classic and timeless look we were going for. It was easy to organise the hire of the venue with the venue manager and she was very helpful in letting us know what we would need and how they could help. We're really happy we found St Mary's for our wedding and would recommend it to other couples!

Joseph & Heidi - A magical day!

Married in November 2019

St Mary's London was perfect for our wedding. With festoon lighting and decorations up it was absolutely magical. We had such an amazing day and evening. With a stage and great sound system, the guests really enjoyed the evening celebration with live band, and the lighting was perfect throughout the day to carry us from the reception meal through to the partying. At every stage St Mary's London was hospitable and useful, guiding us to create the perfect day. We would highly recommend!
